Zooburst is a very exciting online tool that turns your students' writing into online 3D popup books, complete with turning pages; perfect for online environments.

Signing Up

1. Go to <http://www.zooburst.com/> and click on the 'signup' button. Follow the instructions to request a membership. They are simple questions such as, your role in your school and an email address to be sent a username and password.
2. Once accepted you will need to enter the username and password sent to your email address.
3. Go back to <http://www.zooburst.com/> and click on the 'Login' button at the top of the page. Fill in your username and password. You should now be ready to create your first digital book.

Creating Online Books

1. Click on the 'Create a new book' button.
2. Give the Book a title and then click 'Create Book'.
3. You will now see a blank book like this:

4. Upload your own images or search the clip art library for characters and scenery to enhance the look of your story book. Build resource folders by downloading them from 'Google Images' or by taking 'screen shots'.
5. When you want to insert an image, click on it, and it will pop up in your book. You will now see a new menu and 'speech bubble' appear from the object. Type in the speech bubble and drag your image around the page. You can modify various elements of the image using the 'appearance' menu.
6. Type the narrative content of your story in the 'What is Happening?' box underneath the book.
7. When you are finished adding content to your page, click on the Preview button. The images will pop up at a preset speed and order. You can modify this in the appearance menu.
8. Click on 'Add Page' when you want to develop your story further.
9. Repeat the process until you have completed your story. **It is important to note that you can only have a 10 page book.**
10. When you have finished click on the 'Save Book' button.
11. To view your 3D pop up book click on the 'My Stuff' button at the top of the page. Click on the image of the book to view the full version of your story.

Zooburst Digital Books in Online Environments

1. Once embedded in your online environment, a Zooburst book will look like a movie clip waiting to play. Once clicked on, it acts just as a book would. The person interacting with the story can turn the pages and click on characters to see what they have to say. They can also move the book around and look at it from different angles and perspectives.
2. By clicking on the 'Webcam Mode' button, a reader can turn the pages using their hand...a very fun tool!
